GETTING STARTED WITH.....3D PRINTING!

A Washington Public Library card in good standing is required, as well as a signed MakeIT Place User Agreement.

Patrons are not allowed to operate the 3D printers.

Patrons may submit a file using the 3D Print request form on the WPL website [3D Print Request](#).

Library Staff will contact the Patron submitting the print to verify specifics and give estimates on price and when the item will be ready for pick up.

Patrons are responsible for paying for their files that are sent to the WPL.

Patrons are responsible for finding their own files for their desired print.

Great resources

tinkercad.com (make files from scratch)

[ULTI digital library](#) (will need to create an account)

Thingiverse.com (many are free)

www.printables.com (most are free)

I'm certified for 3D PRINTING...now what?

No Patrons are certified/allowed to operate the 3D Printers.
