This form was prepared as part of a research/survey/nomination project in 2011-2012 funded by a HRDP grant from the State Historical Society of Iowa for the nomination of the Washington Downtown Historic District. The project was primarily structured to develop the nomination for the downtown, with additional research on each building documented on an Iowa Site Inventory form. The information below is taken from the table in the August 2012 draft of the nomination, with additional information documented on the property and photographs in the following sections.

7. Narrative Description
This two-story red brick faces West Main Street and Central Park to the south. Dark metal cladding covers the former cornice and the space between the second story windows and the first floor storefront. However, original brick detail and window hoods are visible on the second story. The façade of the second story contains five arched windows with protruding brick hoods. The arch as been infilled and modern replacement two-over-over-light double-hung wood windows. Each window has a painted stone sill. Visible above the window is a row of brick "brackets" and a second row of decorative brick detail. The storefront was remodeled around 1994 to the current configuration and materials.
8. Narrative Statement of Significance

The Norton Building appears to contribute historically to the Washington Downtown Historic District. While the partially cladding of the cornice has replaced an earlier metal cornice, the elaborate brick work, arch windows, and overall building form continue to read as the c.1868 Italianate building.

This building sits on the west 30' feet of Lot 6. This part of the lot was sold by J.D. Frebilcoch (?) to Alvin Norton on August 20, 1867. The property remained in the Norton family until 1896. A. Norton's building was noted here at the time of the March 1883 fire on the roof of Everson's Block to the west. The 1885 Sanborn map shows two narrow 15' storefronts with a center stairs in this building. It shares a balcony with Everson's Block to the west, which is known to have been built in 1868. Thus, it appears likely that this building was constructed around 1868 as well. An newspaper ad on May 6, 1868 appears for the City Bakery, north side of the square, run by Norton - dealer in confectionery, cakes, pies and lunch. The 1885 census lists Alvin Norton as a flour merchant born in Ohio. The 1885 Sanborn map shows "flour" as the use of the east half of the building, with the west portion noted as vacant but with "photo" on the second story. The "photo" remains noted on the second story on the 1892 map, with a rear addition for coffin and furniture factory constructed.

The Norton sons sold the building to Edwin Knupp on May 19, 1897. Title to him was cleared up with quit claim deeds in 1905. The 1897 Sanborn map shows bakery and restaurant in the west 15' and jewelry in the east 15'. The 1902 Sanborn map shows bakery and restaurant in the west 15' still and a barber in the east 15'. The 1909 Sanborn map shows bakery in the west 15' with the rear addition used as a bake shop and jewelry in the east 15'. These uses continued on the 1917 Sanborn map. Hobson Jewelry is listed at 116 in the 1910 city directory, followed by Stephen's Jewelry to around 1935. Bandy Transfer Company was also based here in the 1930s.

Hill Bakery, run by George Hill, was listed at 118 in the 1910 directory, followed by Blue Bird Cafe in 1926. The storefront continues to be divided by a dotted line into two stores on the 1931 Sanborn map, with the rear addition used as a harness shop. Wittrig Harness Shop was listed at 118 in 1935.

On October 2, 1936, Edwin Knupp sold the building to W.L. and Flicta Rukgaber. The 1943 map then shows the building as a single 30-foot wide store with a one-story rear addition. Rukgaber Hardware is listed at 118 in 1941, with no listing for 116. In 1943, they bought the 14-foot building to the east at 114 W. Main, providing the potential for expansion but instead using it for rental income. By 1952, Zelinsky Hardware is listed at 116, with no listing for 118. They remained here through the 1950s.

Evening Journal – Centennial Celebration – August 1939 - page 57 – Rukgaber Hardware – washers, ranges, cream separators, glassware, paint, general hardware

In 1964, Spurgeon's was listed in the combined store at 116 W. Main. They moved here from the west side of the square. They continued to be located here in 1989.

It is currently the office of Latta, Harris, Hanon & Penningroth, CPAs.
