This form was prepared as part of a research/survey/nomination project in 2011-2012 funded by a HRDP grant from the State Historical Society of Iowa for the nomination of the Washington Downtown Historic District. The project was primarily structured to develop the nomination for the downtown, with additional research on each building documented on an Iowa Site Inventory form. The information below is taken from the table in the August 2012 draft of the nomination, with additional information documented on the property and photographs in the following sections.

### 7. Narrative Description

The primary façade faces W. Second Street to the north. It is a brick facade with a large window area, which was expanded for the Fareway remodel around 1955 and has since been infilled with siding and smaller windows. The entry is on the west side of the façade. A pent-roof canopy extends above the storefront area. The original brickwork remains visible on either side of the storefront and across the parapet on top. The red brick is accented by columns of yellow brick on both ends. The stepped parapet has a higher center section with rectangular yellow brick detail with stone corners, and a yellow brick diamond with stone corners is centered on the rectangle. The brick wall of the west elevation has been clad in siding.

### 8. Narrative Statement of Significance

The Studebaker Garage appears to contribute historically to the Washington Downtown Historic District.

On April 11, 1895, Albert Hayes transferred Lot 1 and most of Lot 2 to Caroline Hayes, who sold the north 54’ of Lot 1 and most of Lot 2 to James Casey on October 1, 1896. The 1897 map shows a livery on the north 54 feet of Lot and stretch back to span most of Lot 2, with an office and feed store in the
two-story building on the south 22 feet of the north 76 feet of Lot 1. Delia Casey acquired the remaining part of Lot 2 from N.A. Crawford on March 3, 1905. The Caseys operated a livery barn here for several years. On July 15, 1918, James Casy and wife transferred the property (north 54' of Lot 1 and all of Lot 2, except 4' strip) to Martin Casey. He then sold the same property to R.L. Lylte and Carlton C. Wilson on March 2, 1920. The 1917 Sanborn map shows the earlier livery buildings on Lot 2.

The 1926 city directory lists the Studebaker Garage, run by I.W. Shenefelt, at 107-109 W. 2nd Street. The Studebaker Garage was then moved to 217 W. Washington in 1930.

The 1931 Sanborn map shows this one-story building at 107-109 W. Second Street as a bakery, with a garage at the south end. The 107 part appears to be the store, with 109 portion extend back and around for the bakery itself. H & A Bakery advertised in July 1931, and they are listed at 107 W. 2nd Street in the 1932 city directory. They continued to be listed here in 1935.

By 1937, the Big Giant Super Market opened in this location, half block east of post office. The 1941 directory listed them specifically at 107 W. 2nd St.

In 1946, Bee Line Taxi advertised as located at 107 W. 2nd St. In the 1952 directory, Evoready Plumbing & Heating was listed here. Ivan Norton and his son Keith ran the business in 1953.

The Fareway Store opened here in June 1955, and they apparently remodeled the building and storefront at this time, moving the entry to the west (109) location. They are listed in the 1964 city directory at this location. This grocery store remained here until 1981 when they moved to a new store at 301 N. Marion.

It is currently Carson’s Heating and Plumbing. They moved here from their long-time location around the block at 112 N. Marion.
