### Iowa Site Inventory Form Continuation Sheet

Site Number_	92-00506
Related District Number	92-00349

Page 1		
Sitler Auto Parts / Sitler Electric Supply	Washington	
Name of Property	County	
213 – 215 N. Iowa Avenue	Washington	
Address	City	
Name of Property  213 – 215 N. Iowa Avenue	County Washington	

This form was prepared as part of a research/survey/nomination project in 2011-2012 funded by a HRDP grant from the State Historical Society of Iowa for the nomination of the Washington Downtown Historic District. The project was primarily structured to develop the nomination for the downtown, with additional research on each building documented on an Iowa Site Inventory form. The information below is taken from the table in the August 2012 draft of the nomination, with additional information documented on the property and photographs in the following sections.

Sitler Auto Parts / Sitler Electric Supply - 213-215 N. lowa Avenue - State #92-00506 - Map #39 ~ 1 contributing building (A) - c.1926, c.1962, c.1965, c. 1982 - early 20th century commercial Historic information:

- 1900s-1920s Clark Sitler blacksmith (213), 1919-26 W.F. Jacobs & Son (tire & radio service) in small building on N. Iowa (215)
- c.1926 concrete block bldg built for Sitler Auto Parts Service, 1926-1935 Sitler Auto Parts Service, 1935-1940s - Sitler Auto Parts
- 1950s Sitler Auto Parts, also Sitler Electric Supply

Architectural information:

Height: 1 story

Walls: concrete block

Storefront: - Windows: -

Architectural details: rusticated concrete block construction, 1962 showroom with brick veneer - inset entry with metal columns

Architect/Builder: -

Modifications: Historic: 1962 - light showroom at 109 W. 3rd added, 1965 - large rear concrete block addition replaced earlier addition:

Non-historic: 1982 - small north addition - added gable roof, 1992 - small north addition

#### 7. Narrative Description

This is a one story rusticated concrete block commercial building with several additions. The original building had a flat roof, which was changed to a gable roof that spans this section of the building and the initial north side addition. From left to right on the east facade, there is a large single-light window, the glass and aluminum entry door with sidelights, and four large single-light windows. There is a metal canopy across this section. The c.1982 north side addition has decorative concrete blocks and no openings, and the east side of the c.1992 north side addition has two sets of windows. On the alley elevation (south side) of the original rusticated concrete block building, from west to east, there is a pair of double-hung windows, a single double-hung window, a side entry, a double-hung window, and two large windows with metal siding infill. The top third of the alley wall has metal siding. A portion of the original building can also be seen from the north. This north side has been partially obscured by a newer c.1982/c.1992 concrete block additions facing north, but the far west end of the original building

has a steel entry door with a small window, a small window to the right of the door, and a single garage door to the right of the window. The concrete block for the east side of the north side additions is molded block with inset triangle corner detail, while the north and west walls of the c.1992 addition is plain concrete block. This addition has a side entry on the north wall and two large windows on the west wall.

A c.1965 two-story concrete block rear addition is attached to the west end of the original building. The south (alley) side of the addition has an entry at the west end of the facade, followed by a large, twelve light steel framed window at the east end of the facade. Between the door and the window is a similar sized area which appears to be a window which has been infilled with concrete block. On the second story level, there are three large twelve-light steel windows. The east side adjoins the original building, and the west side is now adjacent to the warehouse to the west. The north side has a multi-light window immediately east of the c.1962 showroom on that side.

The c.1962 one-story electric light showroom sits north of the rear addition at 109 W. 3rd St, creating an overall L-shape. The street facade (north) has brick veneer except the entry area on the far left, which is painted concrete block. There is a small stoop with a concrete floor and two decorative iron columns at the entry, which appear to be original. The pattern on the columns is leaves and grapes. The door has Colonial revival style trim. There are three large single-light windows that fill much of the front facade. To the right of the windows, metal lettering says Sitlers House of Light. Dentils extend across the cornice. The visible side walls are concrete block. A side entry is located at the far south end of the east side.

#### 8. Narrative Statement of Significance

The Sitler Auto Parts / Sitler Electric Supply building appears to contribute historically to the Washington Downtown Historic District. The building began as the rusticated concrete block building at 213-215 N. Iowa, and the business evolved to also include electrical supplies by the 1950s. Around 1962, a showroom was built on the north side of the Iowa Ave building at 109 W. 3rd St. A new warehouse replaced an older one at the corner between these two buildings in 1965. Two small additions were later built on the north side of the original rusticated concrete block building.

The property was purchased by Clark Sitler, a blacksmith, in 1889. The 1894 City Directory lists L. C. Sitlar at 213 N. Iowa, and the 1902 Sanborn map shows a blacksmith shop at that location and a dwelling on the north half of Lot 1. In 1903, the City Directory has H. R. Sitlar and L.C. Sitlar, Blacksmith at 221 N. Iowa, the address assigned to the dwelling on the north half of this lot. A listing in the 1910 directory has Sitler Blacksmith at 215 N. Iowa. The 1917 Sanborn map continues to show the house (221), blacksmith shop (213), and a small tire shop (215 - Jacob's Tires by 1919) on Lot 1.

By 1926, the business had changed to Sitler Auto Parts and Service at 213 N. Iowa. The 1931 directory shows a one-story concrete block building at 213-215 N. Iowa. Interestingly, Schnoeblen Motor Company is listed at 213 N. Iowa in the 1932 directory, and Sitler's is at 215 N. Iowa. By 1935, the listing is again for Sitler Auto Parts and Service at 213-215 N. Iowa. The 1943 Sanborn map shows the one-story building at 213-215 N. Iowa as one store, and a one-story machine shop has been built on the rear (west), with another concrete block addition to the north of this rear addition. The house continued to stand on the north half of the lot.

Evening Journal – Centennial Celebration – August 1939 - page 102 – Sitler Auto Parts – 22 years in auto parts – Howard Sitler – one of best equipped auto machine shops in area

Howard Sitler died in 1952, and the business was continued by his son Bill Sitler (born in 1910). In 1952 and 1956, both Sitler's Auto Parts and Sitler's Electric Supply are listed at 215 N. Iowa. Around 1962 per the assessor, a new showroom was built at 109 W. 3rd Street on the north side of the rear warehouse. Both the auto parts business and the electrical supply business used the 215 N. Iowa address again in the 1964 city directory. Around 1965, the older warehouse in the rear addition was replaced by a new two-story concrete block warehouse, located in the corner of the overall L-shaped building form.

Bicentennial Edition, *Evening Journal*, July 1, 1976, page 78 – Sitler Electric Supply Inc. – 215 N. Iowa – electrical equipment and supplies – distributors and showroom - three generations – Clark Sitler, then Howard, then Bill – about 80 years in business – grandfather not keep very complete records

A small concrete block addition was built to the north of the original building around 1982, followed by a slightly larger addition around 1992. In 1998, they also acquired Lot 2 to the west and the concrete block warehouse on this site built around 1992 (see 115 W. 3rd St, #92-00591). Sitler Electric Supply is still in business at 215 N. Iowa Avenue in Washington. Sitler's House of Lights operates at 109 W. 3rd Street.
